Hi Conrad,

We'd like to clarify a recent miscommunication regarding the Coyote Valley Elementary PTO blacktop project. It appears you were informed —without the knowledge or approval of the full board —that funding for the project is no longer needed. Please disregard that message, as it was incorrect.

The project remains very much active, and we do still require funding in order to move it forward successfully. We sincerely apologize for any confusion this may have caused and appreciate your understanding as we work to ensure all involved parties are accurately informed.

The 2025–2026 CVE PTO board will attend your next board meeting on May 27 to provide further clarity.

Thank you for your continued support of our school and community!
